Now Stocking Vintage® At All Sheffield Metals Locations!

VINTAGE® AGED METALLIC LOOK WITHOUT THE WAIT.

Vintage coated metal is an innovative pre-painted metal providing warmth, character, and depth without the wait, or the uncertainty of the final look, that can occur with other weathered-looking substrates.

Why Vintage®?

- Produces a beautiful and durable finish perfect for roofing and wall panels in both exterior and interior applications.
- Continuously stocked at all Sheffield Metals locations.
- Carries a Steelscape Vintage 20-year finish warranty.
- Coated on a G90 substrate only.
- Complements our "Weathered" line of painted finishes.

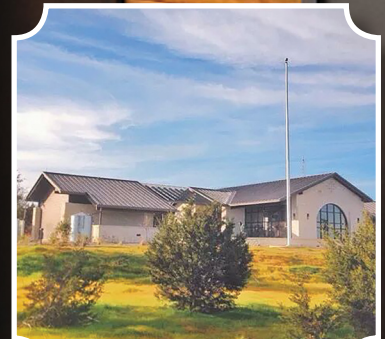

Contact your local Sheffield Metals Representative for more information on Vintage®!
